

## Ten Thoughts to Ponder for 2008

- Number 10 Life is sexually transmitted.
- Number 9 Good health is merely the slowest possible rate at which one can die.
- Number 8 Men have two emotions: Hungry and Horny. If you see him without an Erection, make him a sandwich.
- Number 7 Give a person a fish and you feed him for a day, teach a person to use the Internet and they won't bother you for weeks.
- Number 6 Some people are like a Slinky...Not really good for anything, but you still can't help but smile when you shove them down the stairs.
- Number 5 Health nuts are going to feel stupid someday, lying in hospitals dying of nothing.
- Number 4 All of us could take a lesson from the weather. It pays no attention to Criticism.
- Number 3 Why does a slight tax increase cost you \$200.00 and a substantial tax cut saves you \$30.00?
- Number 2 In the 60's, people took acid to make the world weird. Now the world is Weird and people take Prozac to make it normal.

## And The Number 1 Thought For 2008:

We know exactly where one cow with Mad-cow-disease is located among millions and millions of cows in America but we haven't got a clue as to where millions of illegal immigrants and terrorists are located. Maybe we should put the Department of Agriculture in charge of Immigration? Or...maybe...Blockbuster!
