

Mission Statement:

We are veterans helping veterans. We are going to open a recovery house in Lincoln, NE for veterans only. We know, by our experience, that no one can help a veteran like another veteran.

Operation Veterans Encouraging Recovery's mission is to fund a recovery home free from drugs and alcohol in Lincoln, Nebraska and return productive veterans to the community.

At this time we cannot house female veterans, but we support all veterans by directing them and guiding them to VA services, local rehab and restoration services and recovery programs. This 501 (c) 3 was founded by alumni of the Lincoln VA Substance Use Disorders Program (SUDP).
